Réaction face au COVID-19: Vous êtes prêt(e) à retourner à l'école mais le COVID-19 a encore une incidence sur votre travail ? Consultez nos événements en ligne et nos opportunités de développement professionnel, faites à l'appui sur la plateforme eTwinning et engagez le groupe: eTwinning at home and... back to school.

eTwinning représente la communauté pour les établissements scolaires d'Europe.

En se connectant sur la plate-forme **eTwinning**, des acteurs de l'éducation des pays européens - enseignants, chefs d'établissement, éducateurs, etc. - communiquent, coopèrent, développent des projets, partagent. Ils font ainsi partie de la communauté d'apprentissage la plus passionnante d'Europe. eTwinning est cofinancé par **Erasmus+**, le programme européen pour l'éducation, la formation, la jeunesse et le sport.

Activité autour de Noël

Let's write a collaborative poem using key words related to

Christmas!

Go to the website www.menti.com and use the code 97 94 25 to suggest three words related to Christmas.

Go to www.menti.com/c8a2a2

What is Christmas all about?

Now let's write a calligram to write our Christmas wishes!

Now we will create a calligram with the shape of a Christmas tree together. Click [here](#) to add your contribution. Follow these instructions:

1. Insert word art to write a line using the Christmas related words in the word cloud.
2. Add your text near the words written by your partners.
3. You can use green and other different colours to decorate our tree.
4. You can use stars to separate the sentences.
5. Please, **don't delete or move** any lines written by your partners.

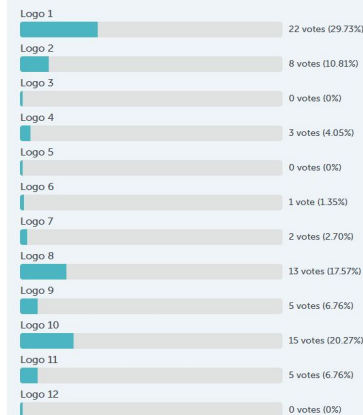

Création du logo et vote

Add here the logos which won the contest in your country. Don't tell which country it is from. Just put a number.

Ajouter un élément

Which logo do you prefer? You are allowed to vote only for one logo BUT not a logo from your country. For example Cypriot students cannot vote for a logo design by them but only logos from France, Slovakia and Netherlands. French students cannot vote for a logo design by them ... Slovak students cannot vote for a logo design by them ... Dutch students cannot vote for a logo design by them ... DEADLINE : February 2019

Discuter

"You can tell here for which logo you vote and why."
